

邀请学术报告

报告题目: **Environmental Occurrence and Transformation of Emerging Contaminants**

报告人: **Ching-Hua Huang** (黄京华)

时间: 1月7日上午 9:00

地点: 过程大厦 308 会议室

报告人简介:

Dr. Ching-Hua Huang is an Associate Professor at the School of Civil & Environmental Engineering of Georgia Institute of Technology in Atlanta, Georgia, U.S.A. Dr. Huang has been an Environmental Engineering faculty at Georgia Tech since 2000. Before that, Dr. Huang earned her B.S. degree in chemistry from National Taiwan University, and M.S. and Ph.D. degrees in environmental engineering from Johns Hopkins University. She was also a postdoctoral researcher at the University of California Berkeley for two years. Dr. Huang's research and teaching interests are in the area of environmental chemistry, analytical chemistry, and water/wastewater treatment technology. She has been very active in research on emerging contaminants such as endocrine disruptors, pharmaceuticals, nitrogenous disinfection by-products and nanomaterials in natural and engineered water systems. She has published more than 70 high impact journal papers and conference proceedings on the above topics and is a frequent invited speaker at many international conferences. The research by Dr. Huang and her students has received many awards from organizations such as the American Chemical Society.

黄京华博士是佐治亚理工大学副教授，长期从事环境化学、分析化学和水处理技术研究，发表高水平论文 70 余篇。此次受我所曹宏斌研究员邀请，来所进行学术交流并作学术报告。欢迎大家参加！
